

The following are not considered for export purposes:

- Goods temporarily removed;
- Goods returned as a result of temporary importation, i.e. re-exports, and
- National and nationalized goods destined for national navigation.

Mandatory steps for acceptance of goods (Airway):

- Verification of preventive security measures;
- Verification of compliance with the deadline for delivery of goods;
- Verification that the type of goods presented by the client is acceptable;
- Check that dangerous goods and live animals are declared.

Export Procedures

Export is granted to any economic operator holding an export licence.

To carry out an export, the economic operator must submit the following documents:

- Export license, which must be obtained from the Chambers of Commerce;
- Certificate of Origin;
- Commercial Invoice.

Required forms and documents

The operator that intends to export must present the following documentation:

- Export Permit;
- Title deed (Waybill for air cargo and BL for sea cargo);
- Contents Manifest (when required);
- Shipper's declaration;
- Certificate of loading for live animals;
- Dispatch documentation;
- Certificate of origin;
- Invoice;
- Export authorisation.

Fees and Costs

Export is duty-free, i.e., it is exempt from customs duties.

However, the exporter will have to bear other costs relating to the following services:

ENAPOR	Port Charge Applied to Cargo
Customs	TEA (Custom's Statistic Fee) and Fees
Dispatcher	Dispatcher Service
Agency	By container or by cubicage
